It truly is a wonderful experience to make a difference in the lives of young people in Fresno County. Give today for your chance to be a part of the BGC Movement. Visit our [website](#) to learn more about our mission, values, and programs. Or visit [BGCA](#) to see how we're making a difference nationally.

Winter Fest Teen Night

Over 110 teen Club members took a trip to Fresno's local ice-skating rink. Thanks to Gateway Ice Center the entire venue was reserved for our Clubs and staff. Many of them had never ice-skated before but staff was there to teach and encourage.

"It was a perfect event. I loved seeing how all the teens got along and made friends with members from other clubs," said Ron Zisler, Director of Operations.

MLK Jr. Day at the Clubs

Many of our Clubs celebrated MLK Jr. Day. Art projects and coloring contests were popular activities for the younger members. In some Clubs, members learned about public speaking and even wrote speeches themselves about what their dreams for the future are. This federal holiday kicks off Black History Month and many of the Clubs will host special events to educate and celebrate black historical figures, local business owners, and civil right movements that have taken place in American history.

Safest Bonfire Ever!

The Fresno Fire Department had a bonfire at the West Fresno Club. It's no secret that our Clubs have a good relationship with our local fire department. These relationships help steward the next generation by giving them mentors who can make a positive impact on their lives. One way we create this special opportunity is by hosting events at the Club.

"The teens helped serve food and the firefighters made sure the bonfire was safe. Everyone worked together and I was excited to hear conversations about fire safety throughout the night," said Juaniece Wilson, West Fresno Unit Director.

Thank you Fresno Fire!
